## **III TRANSPIRENAICA ROUTE IPA PYRENEES FROM THE MEDITERRANEAN TO THE CANTABRIAN From the 2<sup>nd</sup> to 6<sup>th</sup> October 2019**

Organized by IPA Catalunya, the 3<sup>rd</sup> Transpirenaica IPA route is not a race nor a rally. It's a journey through the beautiful French and Spanish Pyrenees, alternating between the two countries during the entire route.

For those who enjoy riding the bike and long tour journeys, it's a hard path, full of winding roads and high mountains, featuring 14 of the best known ports (many of them are part of the Tour de France) and landscapes that can only be enjoyed when riding a bike in different ways.

This route combines planning, adventure and improvisation, making it a challenge.

The route will last four days, distributed as follows:

1st. Day (Wednesday 2/10/2019): Reception of participants from 18.00 to 20.00, delivery of material at Marina hotel, Av. Rhode, 81-83 Roses (Girona).

The delivery of material finishes at 20.00h. Please be advised not to exceed this time for reasons related to the organization.

From 20.00h to 20.30h a briefing and recommendations will be made at the hotel regarding the route.

2<sup>nd</sup> Day: (Thursday 03/10/2019): Roses-Andorra. Departure of participants from 08.30 h. Arrival at Andorra from 18,00H after crossing 5 mountain passes. Check in at Imperial Atiram Hotel, Av Rocafort, 27 AD600 Sant Julià de Lòria (ANDORRA). Parking inside the hotel.

3<sup>rd</sup> Day: (Friday 04/10/2019): Departure from Andorra at 08.30h. Arrival at Jaca after viewing 4 of the most picturesque mountain passes. From 18.00 h check-in at the Hotel Urdanibia Parck Irun.

This route does not have checkpoints, but has compulsory passage points that coincide with the mountain passes.

To obtain a certificate for the successful fulfilment of the route, participants must provide photographic proof of waypoints or crowned port.

The time taken to complete each stage is calculated based on an average of 50 km per hour.

The itinerary will be provided to all the participants by email one week before the event to prepare it in advance, to gather the necessary documentation (GPS, maps, etc.). A map around the Pyrenees is recommended, as the GPS may be unreliable in some points of the route.

The organization will provide the teams contact numbers to report incidents and abandonments.

In case of abandonment of the route, participants must provide their personal assistance to ensure their return to their home with the assistance provided by the insurance of each vehicle.

### RECOMMENDATION

Due to the height, location and topography of these ports through which the route is developed, there is the option that one of them can be closed. Therefore, the detailed study of the possible alternative route is recommended. It is very easy and can save time if you have studied the ground.

### IMPORTANT

You can display the full path and get a complete and detailed road book through Google Maps copying and pasting the required points and mountain pass by the same numerical order.

To those who want, the organization will provide the route track for TomTom and Garmin navigators, must provide data cable.
