112 ON WHEELS

112 On Wheels is one of our country's largest emergency vehicles and services events and is organized to raise money for the Wensambulance Limburg Foundation.

One of these ambulance is specially equipped for the transport of children. The foundation has over a 180 volunteers and fully depend on sponsoring and donations.

During the last edition of 112 On Wheels in 2017 about 10.000 people visited the event and more than 180 emergency vehicles were on the display. The public could enjoy spectacular displays and book a helicopter flight.
